

Building Futures is proud to be housing more families than ever before!

Our aim is to connect 150 households to housing in the year ahead. As they rebuild after homelessness and domestic violence, most will be moving to their new homes with only a few personal items. You can help today and get them off to a positive start with much-needed household supplies!

Gather your team to volunteer and build a Move-In Kit!

Your Group Can Help Newly Housed Families!

First, grab a laundry basket. To fill the laundry basket you will need...

CLEANING SUPPLIES

Broom and dustpan, all-purpose cleaning spray, paper towels, Swiffer or mop, sponges, hand soap, and dish soap.

KITCHEN SUPPLIES

Pot, pan, spatula (1 of each).
Plates, bowls, fork, spoon, knife (4 of each)

MICROWAVE

Small and compact. Some people are coming from not having a kitchen for many years and will be using a microwave.

BED & BATH

Queen air mattress, sheet set, comforter, pillows (2)
Bath towels and washcloths (2 of each)

BONUS!

If possible, please include gift cards in \$25 increments, allowing the family the flexibility to choose what they need most and fill the gaps. Especially needed are gift cards from Walmart, CVS, Walgreens and Target.

How to Build a Move-In Kit

All Move-In Kits should come in one delivery to the Building Futures office, with the above items so we can swiftly deliver to the newly housed families. We aim to provide all of the necessary items someone would need for at least the first month of housing. This is an amazing group-volunteer-opportunity (your church, family, workplace) to make an immediate impact!
