## WHAT WE DO

### **Homeless Services**

At the Midway and San Leandro Shelters, women and children receive lodging, meals, and case management which prioritizes housing. Our housing resource centers assess and support Alameda County residents in need of housing and other resources. Street Outreach services engage people living in encampments and vehicles.

### **Housing Services**

Our Housing Program is designed to help the families and individuals we serve to secure and retain housing. Participants receive rapid re-housing support, rental assistance, and tailored services. Our permanent support housing site serves households with deep needs, in a community setting.

### **Domestic Violence Services**

In addition to Sister Me Home safe house, our domestic violence services include outreach, education, counseling, referrals, housing services, and a 24-hour crisis line.
