

IMPACT by the NUMBERS

During a year of great tumult and extra safety-related protocols mandated by the CDC, Building Futures expanded and increased services for our clients. Building Futures is proud to share the numbers behind the individuals and families we helped between July 1, 2021 and June 30, 2022. Every single person served is a story of resilience and courage.

4,127 calls received requesting shelter, housing, and domestic violence assistance, including individual counseling.

HOMELESS SERVICES

Emergency help for unhoused Alameda County residents. At our shelters, women and children receive shelter, meals and support in securing housing. Our coordinated entry offices in Oakland, Alameda, and San Leandro provide assessments and other services for unsheltered people, including those reached through street outreach. Rapid re-housing connects families experiencing homelessness with housing, rental assistance, and support.

HOUSING SERVICES

Permanent supportive housing—which combines housing with case management and supportive services—is a proven solution to homelessness for the most vulnerable chronically homeless people. Building Futures provides these services at two housing sites, and in scattered site housing.

DOMESTIC VIOLENCE SERVICES

Building Futures provides shelter and support services to families and individuals fleeing an abuser, at Sister Me Home safe house. Our domestic violence services include a 24-hour help line, community outreach/education, individual/group counseling, and referrals for legal and other services, for survivors of all gender identities.

free from homelessness and family violence

Our Mission: To build communities with underserved individuals and families, where they are safely and supportively housed, free from homelessness and domestic violence.
